# FOREWORD

Rarely does one find a collection like Chris Comber's - one that can be termed a true collection. Chris and I met in the mid-1980s through Michael Sharp, who had sent him over to see me as I had acquired a small hoard of Elizabeth I and James I silver. Chris walked into my shop and his magnificent waistcoat was the first thing that I noticed. He selected a few pieces and the rest, as they say, is history.

Chris started collecting in 1957, and that's when his passion for Elizabeth I coins began. His enthusiasm rubbed off on me and I found myself searching high and low for pieces that he needed. If a coin he wanted turned up in an auction, the order was 'Just buy it!'.

An additional, and very pleasant, surprise to myself and Chris's family was the discovery of hand-written index cards covering most of the collection. Each describes in great detail the legends, grade and purchase details of the coin to which it pertains, so we now know that the first coin he purchased was the 1568 sixpence, in Swanage in 1957. Photocopies of the index cards are available to purchasers of the lots.

Chris had the pick of Baldwin's downstairs stock, including a great many coins from the Lingford Collection, and the collection contains numerous rarities, surpassing the great collections of the past like Murdoch, Montague and Lockett, even Schneider. Chris took great pride in his collection and one hopes that his coins will now go to old and new collectors alike. In this and the forthcoming sales there is a wealth of opportunities to find rare and interesting pieces or just to upgrade, and we hope you'll enjoy studying the catalogues and adding to your own collection.

# Christopher Comber

## 27th October 1944 – 2nd February 2019

Chris was born in New Cross, south east London, the only child of Arthur and Julia Comber on 27th October 1944. He attended Haberdashers' Aske's boys' school and was a proud Old Askean. In later years he continued to enjoy life to the full despite some health issues, enjoying family occasions and contributing to British Association of Numismatic Societies Congresses with his characteristic enthusiasm. Chris died on 2nd February 2019 aged 74.

Chris entered the world of marine insurance as a chartered average adjuster in 1963 and rapidly became very well respected in his field. Chris married Rita in 1971 and they went on to have two children, Matt and Franki. Chris loved music, with tastes ranging from traditional country and western to early rock 'n' roll. He was an accomplished singer and guitar player and during the 1960s and 70s performed in London bars and clubs. Chris recorded three albums of old-time country music produced by a German record label, leading to him and his music partner conducting a tour of German folk festivals in the mid-1970s.

Chris's interest in coins began in the summer of 1957 when, at the age of 12, he had a chance encounter with a 1568 Elizabeth I sixpence he saw in a shop window while on holiday in Swanage. Successfully persuading his parents of the benefits of paying over eight shillings for a sixpence, this coin became the foundation of the collection now being presented for sale by St James's Auctions.

A passionate numismatist, Chris researched his subject meticulously and went on to produce *The Hammered Silver Coins Produced at the Tower Mint during the Reign of Elizabeth I* in partnership with I. D. Brown and W. Wilkinson that has become a recognised reference document for the silver coinage of Elizabeth I. His talks on subjects such as *The Pattern Shillings of Elizabeth I*, *The Trade Coinage of Elizabeth I* and *The Irish Harp coinages of Henry VIII* were a highlight of the numismatic circuit. These talks were renowned for their accuracy and detail and were complemented by the display of the actual, often unique, examples of the coins described, brought from his own collection.

Chris was devoted to his wife and family and loved spending time with his children and four grandchildren. Chris will be remembered by all who knew him for his generosity, unassuming manner, sense of humour, vast numismatic knowledge and his notoriously extravagant waistcoats.

In this series of auctions, Chris's family and St James's Auctions are proud to present the finest collection of Elizabeth I coins and related Tudor pieces ever formed.

*End of Sale*

(1) St. James's Auctions Limited [the Company] acts as agent for the seller. Sales made by the Company at public auction are sales made on behalf of the seller.
(2) The buyer of any lot will be the highest bidder. In the event of any dispute, the auctioneer shall have absolute discretion to settle the dispute as he thinks best; this may mean re-offering the lot for sale.
(3) The auctioneer shall have absolute discretion to divide any lot, combine two or more lots or withdraw any lot or lots without giving any reason. In the case of a dispute, he may re-offer a lot for sale. The auctioneer also has the right to refuse any bid or bids without giving a reason.
(4) The Company and auctioneer shall have absolute discretion to refuse admission to their premises or attendance at their auction of any person they deem unsuitable, without giving any reason for, or prior notice of, their action.
(5) The minimum increment between bids will normally be 5%. The auctioneer has the right to refuse any bid which is not in line with this increase. He also has absolute discretion to vary this increment as he sees fit.
(6) All lots are subject to a Buyer's Premium of 20.00%, exclusive of VAT, (24%) inclusive of VAT if the buyer is resident in the UK). The symbol 'G' appearing next to a lot indicates the item is 'Investment Gold' and therefore a VAT-registered trader can submit a claim to HM Revenue and Customs to recover the VAT element of the Buyer's Premium. In the case of a lot marked with a dagger (†), import VAT at 5% will be added to the hammer price and will be payable by the buyer if resident in the UK. If the lot is being exported outside the UK, this import VAT can be waived or refunded on proof of export. All lots bought via the bidding platform Auction Mobility are subject to an additional charge of 1.25%, exclusive of VAT, (1.5% inclusive of VAT if the buyer is resident in the UK)
(7) Each bidder shall be deemed to act as principal unless the Company acknowledges in writing prior to the auction that he acts as agent for a named third-party principal. For bidders unable to attend the auction in person, commissions will be executed free-of-charge. Such bids must be written and must be received at least 24 hours before the sale begins. The Company cannot guarantee to execute bids received less than 24 hours before the sale. 'Buy' bids will not be accepted. The Company shall not be liable for any errors or omissions in executing such commissions.
(8) All buyers must, if requested, notify their name and address to the auctioneer and, if required, provide additional proof of identification, bank references or other credit references. All buyers must pay the full purchase price, at the point of collection of purchases, or a fractional deposit as may be determined at the auctioneer's discretion, unless the Company has previously arranged credit terms. Seven working days must be allowed for clearance of personal cheques before delivery can be made unless a prior agreement has been reached. A 2.5% surcharge will be applied to all company cards and non-UK credit card payments.
(9) Ownership of lots does not pass to the buyer until the Company has received payment in full.
(10) All lots, however, are held to be at the buyer's risk from the fall of the hammer. All lots shall be removed by the buyer within seven working days after the date of the sale. Any lots not so removed may become liable to removal, insurance and storage charges. Such lots may, at the auctioneer's discretion, be re-offered for sale at auction or by private treaty without further notice to the buyer.
(11) All lots are offered for sale subject to any reserve price that may be imposed by the seller. The seller may not subsequently change the reserve without the agreement of the Company. Where a reserve has been set, only the auctioneer may bid on behalf of the seller. Lots are normally reserved at 80% of lower estimate, with auctioneer's discretion. Unless reoffered for sale, the collection of unsold lots shall be the responsibility of the seller.
(12) (a) Lots are sold as shown with all faults, imperfections and errors of description and lack of authenticity. The Sale of Goods Act 1979 does not apply to the sale of any lot. Neither the Company nor the seller shall give any warranty to any buyer in respect of any lot or be liable for any fault or error of description or lack of genuineness or authenticity of any lot. All statements as to items sold, whether made in catalogues, during the course of the auction or otherwise, are statements of opinion only and are not and shall not be taken to be statements or representations of fact. The Company reserve the right in forming their opinion to consult and rely upon any expert or authority considered by them to be reliable. Coins are graded to accepted UK standards to the best ability of our specialists. You acknowledge that the grading of coins is subjective and may vary from specialist to specialist, as the process is by nature an art and not a science. For this reason, we do not automatically accept and are not bound by the opinions of third party coin grading services for any purposes including before and after the sale of a lot.
(b) Refund policy – notwithstanding the foregoing, if any lot should be proved by the buyer to be not genuine or authentic, or to have been wrongly described in any material respect, the buyer may reject the same provided that he has given notice in writing of his intention so to do and shall have returned the same to the Company within one month from, and in the same condition, as at the date of sale. If the coin was in a plastic holder at the time of sale, we cannot accept its return if it has been removed from that holder. In addition, any items in graded holders are sold as is and can only be returned if deemed as fake. The onus of proving a lot to be not genuine or authentic or to have been wrongly described shall lie with the buyer. Proof of the inability of any recognised expert or authority to express a definite opinion shall not discharge such onus. If the buyer shall discharge such onus, the auctioneers shall rescind the sale and repay to the buyer the price paid by him. Save as provided herein, the Company shall not under any circumstances whatsoever be liable for any costs, expenses or damages (whether direct, indirect, special or consequential) incurred or suffered by the buyer in respect of any lot, whether or not as a result of any fault, imperfection, error or description or lack of genuineness or authenticity, including but not limited to loss of any kind of profit whatsoever. The buyer will not be entitled to claim interest on the amount due to him. The buyer shall not be entitled to a refund for any lot for any reason save as set out in this clause 12(b).
(13) Save as provided in the preceding paragraph of these conditions buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The Company cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneers' premises.
(14) As stated in paragraph (1), the Company acts solely as agent between buyer and seller and shall not be held responsible for any default by either party or for any action or claim that may arise in connection with any lot.
(15) Any part of the purchase price still outstanding after the auction, in line with the terms of paragraph (8), shall be paid in full within thirty days of the date of the auction. Without prejudice to any other rights, the Company reserves the right to charge interest on any overdue payment at a rate of three per cent per month. In the event that the company shall have paid the seller (normally 35 days after the sale) and part of the purchase price is still outstanding, title to the lot will pass to the Company. The Company shall then have the right to sell any other goods belonging to the buyer and held by the Company for whatever reason at such a price that the company, in its absolute discretion, thinks fit. The buyer shall also reimburse the Company for any additional costs incurred in this process.
(16) Buyers accepting commissions from third parties do so at their own risk. They remain responsible to the Company for full settlement according to these conditions
(17) Privacy Policy - We may collect and process information you give to us such as your name, address and references. We will use this information to carry out our obligations arising from any contracts entered into between you and us and to provide you with the information, products and services that you request from us or that we offer. We may share your personal information with any member of our group, which means our subsidiaries, our ultimate holding company and its subsidiaries, as defined in section 1159 of the UK Companies Act 2006. We may disclose your personal information to third parties in the event we sell or buy any business or assets in which case we may disclose your personal data to the prospective seller or buyer or such business or assets or if we are under a duty to disclosure or share your personal data in order to comply with any legal obligation or in order to enforce or apply our terms of use. You have the right to ask us not to process your personal data for marketing purposes.
(18) By making a bid, the buyer acknowledges his acceptance of these conditions and agrees to be bound by them.
(19) If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of the Company be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneers' expenses and commission in respect of the resale and the amount (if any) by which the price obtained on the resale is exceeded by that obtained on the first sale.
(20) A variation of these Conditions shall only be binding on the Company and the seller if it is made in writing and signed by a duly authorised representative of the Company.
(21) These Conditions shall take effect and be construed in accordance with the provisions of English law.
